## These ladies did SA proud

At the recent BNP World Team Cup African Qualification tournament that took place from 17-20 January in Nairobi in Kenya, the SA women's team wheeled away with the trophy for a second year running. This superb performance has earned the ladies qualification into the BNP Paribas World Team Cup that will be held in May 2013 in Antalya, Turkey.

South Africa not only walked away with the title of the best Woman's Wheelchair Tennis nation in Africa, but completed the event without dropping a set in any of their singles or doubles rubbers during the entire event.

Rose van der Meer, a resident from Waverley in Pretoria, who spearheaded South Africa's team in Kenya commented "There's definitely an improvement in the level of play of the teams we played since last year. We are very proud to have qualified for ourselves and our country."

South Africa's woman's Wheelchair Tennis Team: Seated: Coach Leticia Venter, Rose van der Meer and (standing) Mabel Mankgele and Thando Hlatswayo.

## St Alban's boys taste victory

St Alban's College recently won the boys' section of the 2012 SA Schools' Boat Race. This feat is made even more remarkable because St Alban's College does not traditionally row an eight.

In early November, a few days after the Gauteng rowing Championships, this group of nine dedicated rowers started practising for the first time as a Men's' Eight. A little over four weeks later they went on to win both the heats and the finals at the SA Schools' Boat Race.

Proudly holding up the winners' trophy are (back): Chris Mittendorf, Dan Watkins, Tiaan van Staden, Brad Corlett (Cox), Alex Hoyland, Mike Brand and Johan de Beer. In the front are Robin de Villiers and Declan de Necker.
